

Ready or not? A role play on taking stem cells to the clinic

Participant Feedback

Thank you very much for taking part in this role play. We would be grateful if you could spare a couple of minutes to answer the questions below. Your answers will be extremely valuable in improving our role play before we take it to other schools.

1. Which character did you play? _____

2. Please score each section of the role-play pack, from 1 (Disagree strongly) to 5 (Totally agree)

	Was easy to understand	Was relevant to the role play	I did not read it
Introduction to the role play			
Stem Cells Therapeutics' application			
Information sheets on Stem Cell Research			
Information sheets on Spinal Cord Injury			
Notes for the Research Ethics Committee			
My character's biography			

3. Was there any issue or discussion point that stood out for you, during the role play? Why?

4. What did you like most about the role play?

5. And what did you like least about it?

6. Would you suggest this role play to your friends or colleagues? Why/Why not?

Ready or not? A role play on taking stem cells to the clinic

Facilitator Feedback

Please rate each statement by circling the appropriate number on the scale. 1 = Strongly Disagree, 6 = Strongly Agree.

The participants enjoyed the role play:

1	2	3	4	5	6
---	---	---	---	---	---

I understood what the role play was about from the information pack provided to me:

1	2	3	4	5	6
---	---	---	---	---	---

The films "A Stem Cell Story" and/or "Conversations" were useful introductions to this activity:

1	2	3	4	5	6
---	---	---	---	---	---

The information on clinical trials was of the appropriate level for the students:

1	2	3	4	5	6
---	---	---	---	---	---

The background information on stem cells and spinal cord injury was of the appropriate level for the participants:

1	2	3	4	5	6
---	---	---	---	---	---

The background information in the sheets was relevant to the role play:

1	2	3	4	5	6
---	---	---	---	---	---

The role play was effective at stimulating debate around these issues:

1	2	3	4	5	6
---	---	---	---	---	---

The role play was effective in informing on the issues around stem cell research:

1	2	3	4	5	6
---	---	---	---	---	---
